COVERAGE. This guarantee applies to the furnaces supplied and installed by DeWitt at the address above, as identified in your contract. During the coverage term, DeWitt will repair or replace defective parts or materials and correct defects in its installation work, including the required parts, labor and materials at no charge.

COVERAGE TERM. Coverage begins on the original installation date and continues for 10 years. A repair or replacement does not restart the 10-year term. Manufacturer warranties are separate from this DeWitt guarantee.

TO REQUEST SERVICE: Call (248) 559-7300 with your name, installation address, contract or certificate number, and a description of the problem. DeWitt will arrange a review of the covered work.
